

How to Submit Input for an Article in Bexar Wire Newsletter

Submit this form to the Newsletter Editor, President or Vice President

Newspaper journalists are taught to include the pertinent points of an article in the first paragraph. Then they expand upon those points to create their article. For Bexar Wire, it is not necessary that you write and format the entire article. Just give us enough information and pictures so that we can write the article. This form may be useful in helping you collect and provide that information.

Who (individual, group, leader):

Where:

When:

Why:

What:

How:

Please write any additional notes on the back of this form

Your Name"
